

ENERGY REPORT

building certification | compliance | testing

Senior Energy & Sustainability Consultant (Key member)

We are currently seeking a Senior Energy & Sustainability Consultant to join us in our dynamic New Forest office. The successful candidate would be looking to join a company where they can design and implement processes, ensuring the seamless delivery of projects both residential and commercial developments. You will need to be a problem solver, have strong ideas about how projects can be managed and delivered in a timely and cost-effective manner without lowering the quality and be happy to get stuck in with your technical expertise. For this role you will need to have first-hand experience of SAP and SBEM and be qualified in one or both disciplines. Report writing for Planning Reports, Energy Statements etc is required. This is a full time position Monday - Friday 38 hours per week. We offer a competitive package for the right candidate

Some Responsibilities and Goals you'll own:

- managing a small team of consultants
- compiling Energy Statements to various Local authority requirements including London Plan
- Domestic and Non-domestic Design stage and As-built reports
- maintaining and developing relationships with both existing and new clients to ensure a smooth testing process is achievable, with back-office support
- experience in research, development and review new service opportunities for the business
- providing support to our other energy consultants
- desire to progress to a managerial role if no managerial experience held

Must Have Skills:

- minimum Level 3 On Construction Domestic Energy Assessor (OCDEA) & NDEA level 4
- experience of BREEAM Non-Domestic New Construction
- good time management, organisational skills and attention to detail
- maintain digital document storage and data logging
- excellent telephone manner & in person communication skills
- ability to work on your own initiative and problem-solving skills
- confidence with ongoing CPD and audit
- ability to integrate into a friendly and supportive team

Benefits:

- competitive salary - £35k-£50k dependent on experience
- training provided as required
- company pension

About Energy Report

With over 16 years within the industry, we have a wealth of experience in building regulations compliance, due to expansion we are seeking an additional team member to maintain our quality propositions to our substantial client base. As a small growing business, we are keen to provide a customer-focused solution as well as providing a friendly workplace in our office based in the New Forest.
